FOREIGN NEWS. From our Files of English papers.]

In the British Parliament, on the 28th ult., Mr. Caird called attention to the serious deficiency of last harvest, and the consequent necessity for increased economy in the public expenditure. He described the failure as having extended to potatoes as well as the cereal crops, and the prospect of the future harvest as not much better; with the Dropsies. best weather, not more than an average crop could be expected.

QUEER ANECDOTES .- The past week has brought to us some of the strangest looking beings over seen in this city. So far as can be ascertained these gentlemen are applicants for clerkships in the departments here, having letters and petition to the secretaries, | more TRUTHERL, as DI RABLE, and CHEAPER than signed by local clergy, their friends and townsmen and the schoolmasters of their districts, who in nearly every case is the author AMBROTYPES. of their petitions? One man cailed upon Mr. Chase yesterday, having with him his wife and children, and expected, as he expressed it, to be set right to work. He came from Indiana. The children, wife, and the baggage were all up to the Secretary's office. This little incident actually occurred at the State Department during Mr. Marcy's reign. An aspirant for a place in jovial France, importuned the Secretary for a Consulship, and on being questioned by the premier as to his knowledge of the French language, coolly replied "I reckon Governor to be soon or fat English White Granite TEA SETTS and PIECES, news, and only 12 cents apiece. A CARD. XIE WOULD respectfully announce to our we customers, and the public generally, that after Saturday, the 2d of March, we discontinue making a deduction of 10 per cent, on our eash sales, the time advertised for so doing having expired; but, as a large number of our eash customors have always argued that we should offer some inducement to the each purchaser, which we could not do under the one price system without allowing the same to all each buyers, we have determined after the above date to make it a general thing with all, and make a deduction of five per cent, on all sales, large and small, which are paid for at the time of purchase. We have a large number of prompt credit customers who have been dealing with us for years, and it will give us pleasure to serve them as heretofore. But we have made the above proposition, believing that it will be to our mutual advantage. By which plan we shall be able to realize more ready money to make our purchases with, and that we shall be able to make up in part (by buying many of our goods for eash) what we shall lose by the deduc-

tion of five per cent. Our GOODS as herotofors will be found marked in plain figures at the lowest market rates, and no abatement will be made except the discount for eash named above. W. M. SHUSTER & CO. Washington, mh 4-dlm
